Music: Simon King

A music program will start in the elementary and middle schools next year. We will need to ask the new music teacher what she will need for her classroom, and put a prioritized list out to the community. The PTSA unanimously approved that \$500 for the music program be added to the 2006-2007 budget.

ID Cards: Carol Madison

These could possibly be free from the photographer that we use. This will be handled by the school administration, and the PTSA will not need to be involved.
